

RESURFACING PROJECT 2024

Beginning April 22, at 8 AM, the Seal Coating Annual Project will begin. This year's project will include Sweetwater Way and a small section of Waterford Drive, from Sweetwater Way to Eastlake Dr. (Please refer to the map for reference).

First day: April 22, 2024

Sweetwater Way from Waterford Drive, to Eastlake Dr., and Waterford Drive from Sweetwater Way to Eastlake Dr. will be CLOSED to ALL vehicle traffic for the first day. If you live in the affected area, and need to drive, please make certain your vehicles are moved OUT of the closed off area. Solid waste pick up will NOT be available in the affected area on Monday, April 22. Please make the necessary arrangements to move your solid waste pick up to an unaffected area.

Day two: April 23, 2024

The affected area will be the east side (Outbound side) of Sweetwater Way from the Outbound Gate to Waterford Drive. Note: The parking area of the Clubhouse and tennis courts will be CLOSED to ALL vehicles on April 23. The affected areas will be Sweetwater Way on the east side (outbound side) from Waterford Drive to the Exit Gate. Harbourview Drive and Club Hill Drive will also be CLOSED to vehicle traffic, so please make accommodations to park on the other side of Sweetwater way if you will need your vehicle on April 23.

Day three: April 24, 2024

The affected area will be the west side (Inbound lane) from the Entrance to Waterford Drive. If you live on the affected side of Sweetwater Way and need your vehicle, please make arrangements to park on an unaffected street.

Days four and five: April 25 and 26, 2024

These days will be used to complete the seal coating as needed and re-stripe the treated areas.

NOTE: As with all projects, there may be updates and changes as the dates draw near. We will do our best to keep everyone updated, should that become a reality based upon unforeseen circumstances. The main gates will remain open with a person to help the flow of traffic through the affected areas from 8 AM to 6 P.m.

GREAT BIG THANK YOU! Maintaining our infrastructure is only possible with your help.
